OBJECTIVE

Student with foundational technical skills, seeking entry-level roles in a professional environment.

EDUCATION

Bachelor of Electronics and communication, SASTRA University — Expected 2026
CGPA – 6.79.
12th Grade, A.R.R.Matriculation Hr.Sec School — 2021 – 2022
Percentage – 87.
10th Grade, A.R.R.Matriculation Hr.Sec School — 2019 – 2020
Percentage – 84 .

SKILLS

Technical Skills Java,Python,SQL, Web (HTML, CSS).
Soft Skills High Adaptability,Teamwork, Self-Motivation, Journaling, Creativity, Time Management, Responsibility.
Tools Used VS Code, PyCharm, MATLAB, Google Colab, Git.

EXPERIENCE

Bharat Sanchar Nigam Limited (BSNL)-Chennai, Tamilnadu. June 2024

- Completed an internship focused on telecommunications, networking, and switching systems.
- Gained practical exposure to broadband infrastructure, optical fiber communication, and mobile communication technologies.
- Observed control room operations and real-time network setup procedures.

PROJECTS

An Intelligent System for Pneumonia and COVID-19 Detection Using Chest X-Ray Images – Developed an Deep Learning System to detect COVID-19 and pneumonia from chest X-Ray images ,used CNN models like EfficientNetB3, MobileNetV2, and DenseNet121 for multi-class classification. Applied preprocessing and data augmentation to improve model performance. Evaluated results using accuracy metrics and added explainable AI to highlight infected regions.

AI-Based Real-Time Finger Writing System – Developed a real-time finger writing system using AI and computer vision that allows users to write on the screen by moving their fingers in front of a web camera. The system accurately detects and tracks finger movements, converting gestures into smooth and responsive on-screen writing in real time.

Basic Web Page Development – Developed a personal portfolio using HTML, CSS, and VS Code to showcase my skills, projects, and achievements. Focused on responsive design, user-friendly layout, and interactive elements to enhance frontend development experience.

CERTIFICATIONS

- Workshop on AI and Neural networks – by SASTRA University.
- Workshop on IOT and Embedded systems – by SASTRA University.

LANGUAGES

- English – Fluent.
- Tamil –Native.
- Sowrashtra –Conversational.
